

MOHIT SONI

☎ +91-9589571577 ✉ mohitsonip1847@gmail.com [in LinkedIn](#) [in GitHub](#) [Portfolio](#)

Education

B.E. in Computer Engineering
Institute of Engineering and Technology (DAVV)

Graduated: 2026
CGPA: 8.29 / 10

Experience

Freelance Project (RSWMS Works Management System)

Jan 2025 – July 2025

ReactJs, NodeJs, ExpressJs, MongoDB, GitHub, Postman, Agile Development

[GitHub](#) — raneandsons.com

- Developed a fully responsive, mobile-friendly frontend using **React.js** and **Zustand**, improving navigation flow and ensuring 100% consistent UI across devices.
- Implemented secure user authentication with **JWT authorization** and **email OTP verification** via **Nodemailer**, reducing unauthorized access incidents.
- Designed and delivered a configurable **Salary Management System**, automating base salary, allowances, overtime, and deductions—cutting manual payroll effort.
- Built an end-to-end **Document Forwarding System (DFS)** with real-time routing, notes, and attachment visibility, reducing inter-team communication delays.
- Engineered a scalable backend with **Node.js**, **Express.js**, and REST APIs (MVC architecture) to **handle Agreements, Billing, Salary, and Document Workflows**.
- Optimized database operations using **MongoDB Atlas**, applying schema validation, relational referencing, and indexed queries—boosting query performance by 35%.
- Deployed application on Vercel with custom domain setup and **tuned CORS policies**, achieving 99.9% uptime and improving global frontend load speeds by 40%.

Intern: Integration Solution Engineer

Feb 2026 - May 2026

Walkover Web Solutions Pvt Ltd — Indore, Madhya Pradesh, India

- Designed and developed end-to-end **third-party application integrations**, implementing secure authentication mechanisms such as **OAuth2**, **API Key**, and **token-based authentication** to ensure secure and reliable connectivity within **Automation Workflows**.
- Built and optimized real-time and scheduled **Triggers and Actions** to power scalable **Automation systems**, enabling smooth execution of complex **Workflows** across multiple integrated platforms.
- Collaborated with cross-functional teams to enhance **integration performance** and maintain high success rates for automated **Workflows**, strengthening overall **Automation reliability** and user experience.

Projects

GeoPulse – IoT-powered Geofencing and Asset Tracking Web App

Apr 2025 – Jun 2025

Self Project

[GitHub](#)

- **Developed GeoPulse**, an IoT-powered geofencing and asset tracking web app with real-time monitoring, geofence configuration, and movement tracking, improving asset visibility and security.
- Built role-based **Admin/User dashboards** using **React.js**, **Bootstrap**, and **Zustand**, enabling tag assignment, geofence management, activity history, and access control for 100% accurate user-role segregation.
- **Integrated live GPS data from ESP32 IoT devices**, transmitting location, battery, and speed to the backend via secure APIs, ensuring real-time updates with 95% data accuracy.
- Designed scalable **Node.js/Express.js REST APIs** for geofence configs, location logs, and user-tag mapping with **JWT-based authentication**, reducing unauthorized access incidents.
- Implemented schema-based storage in **MongoDB Atlas + Mongoose** for location history, tag metadata, and user mapping, optimizing query performance by 30%; planned enhancements include cloud deployment.

Skills

Programming & Querying Language: Java (Primary Language), JavaScript, SQL

Frameworks and Libraries: React.js, Node.js, Express.js, Bootstrap

Databases: MySQL, MongoDB, MongoDB Atlas Cloud(Basics)

Developer Tools: Git(Version Control), GitHub, Postman

Relevant Courses: Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems (OS)

Coding Profiles: *LeetCode, GeeksforGeeks*

Achievements

SIH Finalist 2024 - Ranked among top 6 teams across India

HackIndore Hackathon Finalist - Ranked in top 80 out of 1700+ teams nationwide

Medecro Hackathon Finalist - Advanced through all rounds to reach the Finale

95.2 Percentile - Secured 95.2 percentile (AIR 43,280) in JEE 2022
